Mergers & Acquisitions Cyber Advisory

Valencia believes in an empowered and safe digital world for everyone. This goal is the guiding principle of what we do.

We help organizations identify, assess, and manage cybersecurity, privacy, technology, and operational risks throughout the merger and acquisition lifecycle.

Whether you're acquiring a company, preparing for acquisition, or integrating newly acquired entities, our team provides the assessments, governance, and strategic guidance needed to support informed decisions and smooth transitions.

OUR SERVICES

Cyber Due Diligence Evaluate the target organization's cybersecurity maturity, controls, vulnerabilities, incidents, technical debt, and risk exposure before a transaction is completed.

Privacy & Regulatory Compliance Assess privacy programs, regulatory obligations, contractual commitments, data handling practices, and compliance risks that could impact valuation or integration activities.

Technology & IT Assessments Review infrastructure, cloud environments, applications, identity systems, licensing, and operational processes to identify integration challenges, modernization opportunities, and hidden costs.

Integration Planning & Governance Develop practical roadmaps and governance structures that support the secure integration of people, processes, technology, and data following a transaction.

SUPPORT THROUGHOUT THE TRANSACTION LIFECYCLE
