Privacy Services

Valencia believes in an empowered and safe digital world for everyone. This goal is the guiding principle of what we do.

We provide **practical, risk-based privacy consulting services** to help organizations protect sensitive information, meet regulatory obligations, and maintain stakeholder trust.

We work with public sector, healthcare, and private enterprise organizations to **design, implement, and operate** privacy programs that are defensible, scalable, and fit for real-world operations.

OUR PRIVACY SERVICES

Privacy Program & Governance

Design and maturity of privacy programs, policies, and procedures aligned with applicable legislation and organizational risk tolerance.

Privacy Impact Assessments

Robust PIAs that identify privacy risks, assess control gaps, and provide documented evidence of compliance or a clear remediation plan.

Privacy Risk & Assurance

Ongoing advisory support for cross-border data considerations, procurement and cloud initiatives, and third-party privacy risk management.

Breach & Incident Support

Privacy incident and breach response support, including risk assessment, notification guidance, and regulatory readiness.

Whether you need advisory support or a fully outsourced privacy office, Valencia can help. **Get in touch to see how we can support your organization.**
